Your Awesome Project Title

Jinyi Lu
Information Networking Institute
jinyil@andrew.cmu.edu

Name 2
Department 2
id2@andrew.cmu.edu

Name 3
Department 3
id3@andrew.cmu.edu

Keywords (optional): [e.g., computer vision, convnets, segmentation]

Instructions

Proposals should be 1-2 pages long (excluding references) and include the following information:

- Project title and list of group members.
- Overview of project idea (approximately half a page). Elaborate on the following:
  - Why the problem is important.
  - What challenges you need to solve.
  - Which datasets you are planning to use.
  - What metrics you are planning to use to measure your performance.
- A short literature survey of 3 or more relevant papers (up to half a page).
- A plan of what you wish to accomplish by the second milestone and by the end of the project (preferably, a list of bullet points).
